

Pace University – Manhattan  
February 25<sup>th</sup>, 2006

“Working with the Harlem Wizards has been nothing less than an absolute pleasure. The Harlem Wizards played a game against our “Pace All-Stars” a team of Pace University Administration, Faculty, Staff, and Students. Here at Pace, about  $\frac{3}{4}$  of our students are commuters, and building a strong, vibrant community has always been a difficult task. However, with the thrill of having the Wizards come to campus, and the opportunity for the Pace Community to see their bosses, colleagues, professors, and friends play, a strong foundation was set forward. The Harlem Wizards were truly spectacular, giving everyone in the crowd a great laugh and hearing the occasional “oohs” and “wows” over their high-flying dunks was exciting. With the Harlem Wizards at Pace, we brought an entire community together for a chance to take a break and enjoy each other’s company. I am truly grateful for the openness of the Wizards in coming to our University and working with us in making sure that this event went great. “
